

## Three wheels – for your safety and comfort

Owning a tricycle from Jørn Iversen equals more freedom. Freedom to move around, at your own pace, in your own time. And without worries for your own safety.

Take a ride, go shopping, visit family and friends, or enjoy a trip in the nature. Listen to the birds, go fishing – do whatever you fancy.

A tricycle offers you a high degree of safety and comfort. Go anywhere without worries. Don't mind the kerbs or bumps – you negotiate almost any obstacle, sometimes even safer than one would on a bicycle.

Take a look at the beautiful design! Timeless. Smart. Smooth. Beautiful colours. And 'under the hood' – top of the range technology. Drum brakes. Three or seven gears, and reverse, too. Lightweight materials. Durable state-of-the-art paint. Even with an optional assisting electric motor, if you choose.

## Anton tricycle – everyone can enjoy the ride

- Users who are not comfortable cycling with 2 wheels
- People who need more stability and slow driving
- Users with reduced muscle power
- Users with reduced mobility
- Users with hemiplegia
- Users with Parkinson's disease
- Users with scleroses
- Users with brain injury
- Users with knee and back injury

# Anton

# Anton

The Anton tricycle combines dynamic design, comfort and safety

- No mounting height
- You sit straight up, making the ride comfortable and giving you an excellent view of the traffic
- Modern user-friendly design for easy access and safe cycling
- Built from quality parts
- Easy to push
- Easy and safe driving over the curbs
- 3 or 7 gears makes cycling easy, even uphill
- Reverse gear makes parking easy
- Sealed ball bearings prevent dirt and moist to enter the hubs

The illustrations may show extra accessories.

## Adjustable seat and back support

The seat and back support can easily be adjusted to give you a comfortable ride. The back support secures the optimal effect of your leg muscles when cycling.

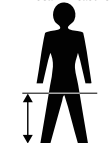

## Standard equipment

- Approved cycle lock
- Double-bound rear rim
- Reflectors
- Stainless screws
- Adjustable handlebars
- Multi-adjustable seat and back rest
- Rim brakes on front wheel
- Drum brakes at rear wheels
- Parking brake
- Comes in antracit grey or creme white
